

Online learning provides greater flexibility

Graduate Diploma in Christian Studies (GDACS)

Part-time students are able to study fully on-campus, fully online (in 2018), or take a hybrid of online and on-campus modules.

The GDACS will provide you with a firm grounding in Scripture, a rich understanding of Christian doctrine, and an increased effectiveness in practical ministry. This program is ideal for marketplace professionals and church workers who are seeking the flexibility to pursue theological studies while maintaining a balance between family, work and ministry.
