NOTE:

1. Based on your country selection Flywire will automatically display your local currency rate with the appropriate payment options, such as traditional bank transfer or debit/credit card payment.
 - **Traditional bank transfer** (also known as a wire) is the most cost effective method. Please note that to complete the payment you will need to make arrangements with your bank (in-person, online, or over the phone) and send your funds to Flywire in your chosen currency.
 - **Debit/credit card** will allow you to make an online payment in your home currency. Contrary to a traditional international credit card payment, with Flywire we are handling the foreign exchange so you will know the exact amount that will be deducted from your account before making your payment.
